## How to type Nsibidi:

Type Igbo words and note options below. To add accents or dots, first type the base letter, then use keys for [, ], \ and |.

• [ adds acute accent ´ on a, e, i, o, u, m, n

• ] adds grave accent ` on a, e, i, o, u, m, n

• \ adds dot below ̣ on a, e, i, o, u, m, n

• | after n gives ñ, | after m gives ṁ

To select a displayed option, type corresponding digit 0-9.
